Member Agreement

I hereby appoint any and all duly authorized agents and administrators of Millionaire Builders Club, hereinafter referred to as, MBC, to act on my behalf as limited attorney-in-fact to initiate and negotiate on my behalf any and all agreements between affiliate companies and/or organizations as follows: Traverus, Pre-Paid Legal, YourTravelBiz, Artisan Contractors Associated, and the National Income Producer's Network, hereinafter referred to as affiliate companies/programs, in order to enroll me as a member/consumer for the services and products being offered by the same. I understand and agree that no program or service obligates me beyond the terms of such service or program and that if any dues or fees are not paid, those services or products shall not be available for my use and no further obligation on my part will be necessary or required except with respect to the terms and conditions of such agreements with such third party affiliate product and service agreements.

I further acknowledge that I have been informed and educated about such third party affiliate company's products and services and by affixing my signature hereto, agree and consent to become a member of MBC and to receive such goods and services as the above representatives initiate such agreements on my behalf.

I further agree and consent that MBC may make pre-authorized withdrawals from any funds granted from my membership in the affiliate programs to pay for such third party affiliate products and services and to negotiate instruments payable to me for the satisfaction of any amounts owed and agreed to under the terms of this agreement or with any third party affiliate programs I may become bound by as a result of this agreement. Such withdrawals are to be initiated against any affiliate program earnings only. Only I may designate any other payment form outside of those payment forms available to me and authorized by me through the participation in this program.

I agree and understand that the National Income Developers Network (NIDN), a non-profit organization, has made a grant available to MBC for the purpose of assisting individuals at earning an income. I understand that under no circumstances shall I be required to pay these grant funds back and it shall not cost any moneys to get me started in the affiliate earning program(s).

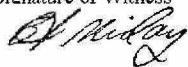

I further agree that, as a gesture of cooperation and good will, the work of the NIDN is noteworthy and that I hereby make a pledge of \$750.00 to be donated to NIDN when my commissions earned from my participation in any third party affiliate program will support it and that the representatives of MBC may initiate such a donation on my behalf utilizing my authorized payment method.
